SHIPPING COSTS: We ship UPS Ground, USPS Flat Rate, USPS Priority
Next day, two day, three day select also available.

To Our Customers:

We apologize for being unable to continue publishing a shipping chart due to consistent changes in the rates published by UPS. Please call our office toll free at 800-753-6966 Monday through Friday, 9am - 5pm (EST) for an exact quote. Shipping weight is different from unit net weight. Shipping costs are determined by the weight of the package we ship out. Packages contain catalogs, inserts, packing material and overfill, therefore the shipping weight is higher than the net weight. We do not inflate our ship costs and take our quotes directly from UPS or USPS.

Thank You!
